

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates. The cable ownership

cap is a crucial element of our democratic media, and it should not be weakened.

Deregulation will do for the communications what deregulation did for the Power Cartels in California it will end up denigrating and bashing the common folks and usuping our right to free enterprise to free air waves to Quality and above all ...we will be slaves to the Media no longer listeners...spoon fed lies and coverups to suit the BIG monopolies.
